# A working house.

Departments: Management, Design, Digital, Offset, Large Format, Signage, Production, Finishing, Sales, Marketing, Support, IT, Accounts.

The background is a vibrant, abstract composition of large, overlapping organic shapes in shades of pink, orange, yellow, and purple. These shapes are covered with numerous small, clear water droplets of varying sizes, some of which are in sharp focus, reflecting light and showing internal refraction. The overall effect is one of freshness and purity.

QUALITY

**Checked at every station**

# Colour that matches.

---

Every job passes design, production and finishing checks before handover.

Quality raw materials. Professional design process. Pre-production checking. Production quality control. Colour consistency. Finishing inspection. Final product inspection. Customer approval where required. Timely delivery. Continuous improvement.
